

Acer K11

The pocket-size Acer K11 is the world's smallest projector to offer 200 lumens brightness. It's so small that users can project vibrant visuals from one hand.

Users can simply carry the portable projector along with the USB drive or SD™ card to display whatever they want to share anywhere without a laptop PC or video player.

SmartFormat

Compatible with iPod®/iPhone®

- Acer K11 enables high-quality enjoyment of portable entertainment by projecting videos/audio and photos from an iPod®/iPhone® using an appropriate Apple®-certified A/V adapter.

About Acer

Since its founding in 1976, Acer has constantly pursued the goal of breaking the barriers between people and technology. Focused on marketing its brand-name IT products around the globe, Acer ranks as the world's No. 3 vendor for total PCs and No. 2 for notebooks, with the fastest growth among the top-five players. A profitable and sustainable Channel Business Model is instrumental to Acer's continued growth, while the successful mergers of Gateway and Packard Bell complete the company's global footprint by strengthening its presence in the U.S., and enhancing its strong position in Europe. Acer Inc. employs 5,000 people worldwide. 2007 revenues reached US\$14.07 billion. See www.acer.com for more information.
