

# High-performance color projection

With 2700 ANSI Lumens brightness, native XGA (1024 x 768) resolution, and up to WSXGA (1680 x 1050) format support via Acer SmartFormat Technology, the P5260E delivers vivid, high-brightness projection for SMB, classroom and enterprise conference situations. Suitable for a wide range of usage scenarios, the P5260E is optimized even in venues with bright ambient light. Featuring the advanced HDMI port and Acer ColorBoost technology, along with a 6-segment color wheel, the P5260E offers incredible color performance.

# P5260E

High-performance color projector

## Acer Projector P5260E Quick Spec

<b>Projection system</b>	DLP®
<b>Resolution</b>	Native: XGA (1024 x 768) Maximum UXGA (1,600 x 1,200), WSXGA+ (1,680 x 1,050)
<b>Aspect ratio</b>	4:3 (native), 16:9
<b>Brightness</b>	2,700 ANSI Lumens (standard), 2,160 ANSI Lumens (economy)
<b>Contrast ratio</b>	2100:1
<b>Displayable colors</b>	16.7 million colors
<b>Projection lens</b>	F / 2.41 to 2.55, f = 21.79 mm to 23.99 mm; Manual zoom (1.1x) and manual focus
<b>Projection screen size</b>	23" (58cm) ~ 300" (762cm)
<b>Projection distance</b>	3.3' (1.0m) ~ 39.0' (11.9m)
<b>Throw ratio</b>	50 inches @ 2 m
<b>Lamp type</b>	Osram 230 W user replaceable P-VIP lamp
<b>Lamp life</b>	3000 hours (standard), 5000 hours (economy)
<b>Keystone correction</b>	+/-40 degrees (vertical)
<b>Projection mode</b>	Front, rear, front-ceiling, rear-ceiling
<b>Ceiling mount capability</b>	Yes
<b>Audio</b>	One internal speaker with 2 W output
<b>Weight</b>	2.8 kg (6.2 lbs.)
<b>Dimensions (W x H x D)</b>	300 x 228 x 100 mm; 11.8 x 9.0 x 3.9 inches
<b>Remote Control</b>	IR remote control with laser pointer & PgUp/PgDn functions
<b>Noise Level</b>	31 dBA (Standard mode), 29 dBA (Economy mode)

## Feature highlights

### Bright, realistic display

- Unique, elegant design
- Acer ColorBoost technology
- XGA resolution
- 2700 lumens and 2100:1 contrast ratio
- Keystone Correction (40°)
- Low Noise Level
- DLP system design

### Convenient Usability

- Acer eView Management with Blackboard Mode
- Acer eTimer Management
- Acer eOpening Management
- Acer SmartFormat Technology
- Acer Top-Load Lamp Design
- Acer InstantPack technology
- Automatic safety shutdown
- Quick signal detection

### Multimedia excellence

- Digital connectivity via an HDMI™ port
- Digital connectivity via a DVI-D port
- Dual D-Sub Input
- Multi-PC Connectivity
- Monitor loop through
- RS232
- Microsoft Vista™ Compliant

### Comprehensive functionality

- Longer lamp life (5000 hours)
- Low noise level
- Keystone correction (40° vertical)
- Digital zoom and pan
- Built-in speaker
- Alarm
- PIN security
- Sliding lens cover
- ECO mode

ColorBoost

### Acer ColorBoost Technology

Featuring an optimized 6-segment color-wheel design, powerful image processing, and advanced lamp illumination technology Acer ColorBoost technology provides incredible color performance, never before seen in conventional projectors. Brilliant color with a high contrast ratio presents ultra-vivid images for business presentations, educational purposes, and home entertainment.

SmartFormat

### Acer SmartFormat Technology

Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

### Acer eTimer Management

A digital clock that can be set by the user and displayed onscreen for convenient reference keeps presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.

### Acer eView Management with Blackboard Mode

Acer eView Management helps users adjust their projector settings to suit any environment and any type of content in just a few moments. Six factory or user-defined presets instantly reconfigure color, brightness and contrast to deliver best-quality images every time. Innovative Blackboard Mode allows users to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

### Acer eOpening Management

Acer eOpening Management allows users to easily create a customized startup screen for their Acer projector. Business users can set a corporate logo to create a professional brand image or add owner information to protect the projector from theft. Home users can have fun displaying their favorite photographs.

### Acer Top-Load Lamp Design

The lamp module is now top-loaded, as opposed to the conventional bottom-loading design. Hence, even when the projector is ceiling-mounted, the user can easily replace the lamp module without detaching the projector from the ceiling.

### Instant Pack

If the user is in a hurry to leave, the power cord can be unplugged right after the projector is turned off, without any resulting damage. There's no need to wait for a cooling period; the user can pack up the projector and leave immediately.
