

Acer **P** 1270

EcoProjection

With just the right mix of features, and a low price tag, the P1270 is the perfect tool for home entertainment and SMB/classroom presentations. Boasting optimized display performance via 3100 ANSI Lumens brightness and XGA resolution, the display is ultra-clear and bursting with life. Other high-performance technologies include an HDMI™ port, a 6-segment color wheel with 3X rotation speed, support for both 4:3 displays and widescreens through Acer SmartFormat, and Acer ColorBoost II and EcoProjection technologies. If great value and greater projection are your criteria, the P1270 is the obvious choice.

Feature highlights

Striking display

- Unique, elegant design
- Acer ColorBoost II technology
- XGA resolution
- 3100 Lumens brightness and 2000:1 contrast ratio
- DLP® system design

Environmentally functional

- Acer EcoProjection technology
- Longer lamp life (4000 hours)
- ECO mode
- Acer Instant Pack technology
- Automatic safety shutdown
- Digital zoom and pan
- 3X color-wheel rotation speed
- Low noise level
- Built-in speaker
- Alarm
- PIN security
- Windows Vista™ compliance

Proficient, empowering usability

- Acer Empowering Technology
 - Acer ePower Management with High Altitude Mode
 - Acer eView Management with innovative Blackboard Mode
 - Acer eTimer Management
 - Acer eOpening Management
- Acer SmartFormat technology
- Installation menu
- Keystone correction (40° vertical)
- Quick start
- Quick detection
- Multi-PC connectivity
- Digital connectivity via an HDMI™ port
- Monitor loop-through
- RS-232 port

Acer Projector P1270 Quick Spec

Projection system	DLP®
Resolution	Native XGA (1,024 x 768) Maximum UXGA (1,600 x 1,200), WSXGA+ (1,680 x 1,050)

Remote Control	IR remote control with laser pointer & PgUp/ PgDn functions
Noise level	28 dBA

Acer Color Boost II Technology
Acer ColorBoost II optimizes multimedia performance for different scenarios, environments and connectivity interfaces. It is the next generation of ColorBoost performance enhancement technology for Acer projectors, all of which feature a six-segment color wheel for business presentations, educational purposes and entertainment in any venue. With Acer ColorBoost II, Acer projectors deliver enriched details, smoother gradation and brighter natural colors while boosting color strength and performance for more lifelike skin tones and unsurpassed color reproduction.

Acer SmartFormat Technology
Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

Acer EcoProjection Technology
Acer EcoProjection is a complete environment-friendly power management solution that reduces standby power consumption by up to 50%, from 10 W to 5 W. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

Acer ePower Management
Acer ePower Management provides quick configuration of power management options, including controls for High Altitude mode and Auto Shutdown.

Acer eView Management with Blackboard Mode
With Acer eView Management, adjusting projector settings to suit any environment and any type of content is fast and easy. Eight factory or user-defined presets instantly configure color, brightness and contrast to deliver best-quality images. Innovative Blackboard Mode allows users to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

Acer eOpening Management
Acer eOpening Management allows users to easily create a customized startup screen for their Acer projector. Business users can set a corporate logo to create a professional brand image or add owner information to protect the projector from theft. Home users can have fun displaying their favorite photographs.

Acer eTimer Management
A digital clock that can be set by the user and displayed onscreen for convenient reference keeps presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.
