The Freestyle (LSP3B)

KEY FEATURES (page 1 of 2)

PICTURE

Crystal Processor

Immerse yourself in lifelike pictures with millions of shades of color unleashed by next-level UHD with Dynamic Crystal Technology.

PurColor®

Experience colors that are fine-tuned to deliver a naturally beautiful picture.

HDR Formats Supported

DESIGN

Point and Play

From slanted walls and kitchen tables, to outdoor surfaces and floors, The Freestyle's 180 degree design gives you the flexibility to point, play and enjoy a big screen experience. With its round, compact shape, you can easily slip it into a backpack and take your entertainment on the go.

Easy Setup

Setting up The Freestyle is a breeze. The projector optimizes screen size, auto-focuses, and levels the image even when pointed on an angle. It does the hard work for you, so you can kick back and enjoy the content you love, when and where you want to.¹

SMART FEATURES

Smart Entertainment

Stream your favorite shows. Play games. Work out with a trainer. Do all you enjoy with the Smart TV projector experience. Discover your must-have apps and streaming services like Netflix and Amazon Prime Video just a few clicks away.¹

Smart Calibration

SmartThings delivers a color experience customized for your space with The Freestyle. Whether you're projecting on a brick wall or wooden table, the app automatically calibrates the color temperature and brightness of your image for the surface you watch on.³

Universal Guide

One simple on-screen guide organizes your streaming and live TV content, while also making recommendations.

Multiple Voice Assistants

Built-in voice assistants let you control The Freestyle with your voice, get information and do so much more.²

TV Plus

Enjoy your favorite content through virtual channels.

The Freestyle Standard Smart Remote

Tap View

Enjoy the same great features you expect from mirroring, like showing off videos, enlarging photos and video-calling family on the big screen, only with a different connection method for your Galaxy.

¹ Includes Samsung SmartHub by Wi-Fi; additional external content by Micro HDMI port and compatible devices with AirPlay 2, SmartThings or Tap View. ²Voice Assistants are subject to change. ³Brightness varies based on surrounding light. Includes Samsung SmartHub by Wi-Fi; additional external content by Micro HDMI port and compatible devices with AirPlay 2, SmartThings or Tap View.

The Freestyle (LSP3B)

KEY FEATURES (page 2 of 2)
